Open the client plan that you wish to import new data. From the ASC main menu choose Utilities - Import and Importer. Then choose Import – T. Rowe Price from the menu.

The following screen will appear:

5

© Actuarial Systems Corporation

Click on the magnifying glass next to the Data File and

choose your data file downloaded from T Rowe's website. Please review previous pages for file layout.

Click on Execute at the bottom

Click on the *Close* button after the "End Import" message is displayed.

When the scan is complete, ASC show "counts" for the Funds. Click on the *Funds* button. This will display the window listing all funds that were found in the scan. You will map the one Fund to an ASC Fund by using the *Set All Funds* tabs. **(Loans are imported to a Loan Account – <u>DO NOT</u> set up a separate fund).** When the funds are mapped, it should look like:
